NEWSPAPERARCHIVE® NEWSPAPERARCHIVE® SATURDAY MORNING, JULY 22 1882.

A GREAT INDUSTRY IN DAVIDE. Salmon packing is one of the half-dezen great industries of Oregon and Washington. annual income is morely those willien delars, ite annual disbursement in the state and shipway... territory (chiefly in Oregna) three lourths of that sum, and it employs directly, and inci-dentally ton thousand men. The basis of this togislative get as onen, immed way or harmon great business is annual rans of salmon in the ground, upon which ushermen should not be dambia river and the smaller rivers of allowed to trespass; excepting perhaps on the ligent and judicious methods of fishing the presents natural difficulties enough and artifibusiness may be developed to double the pres and procedy methods it may be quined in a few and in England have denounted the praceasons. The salmon runs are not like the disability of artificial propagation of salmon. seasons. The agmon runs are not the the discontinuous fields of artificial propagation of saturon occan tides, regular and never to Iail or discontingent the conditions which his contingent upon conditions which his obstitution of the Chokamas ministric bit contingent upon conditions which his obstitution that the pass up stream toward the spawning grounds, all the it was abandoned. Among its most active the conditions which is the saturation of the conditions which is the condition of the conditions which is the conditions which is the condition of the conditions which is the conditions which is the conditions which is the condition of the conditions which is the conditions which is the condition of the conditions which is the condition ish should be caught, the runs after two or

affords, tends toward its desirnation. Canning abandoned without serious loss, while their appliances are marketable at full value at all mes. The business has not the stability or ments along the Columbia river were worth rotect itself. But the investments are small liable at any time to come and the efout of the cannarymen seems to make hay while the sun shines. The is little regard for the future. Several of the cannerymen—representing five or six entabug of the total thirty-five—would be maintain pradent regulations, but beng opposed by the great majority are obliged to meet greed with greed or be worsted in the business contest.

onlied some years suo to the legislatures of regon and Washington and secured the loption of regulations designed to protect he salmon interest. It was made by concurout land a originate Mills and a dirting April. May, June and July 5 the heat months of the n.run. which commensate in March and nothings in hab trape, pure also regulated. Those of Philistelphia. Chrisgo's product the purpose of the deems restricting habing for the common year resulted which which is to purpose of the deems restricting habing for the common year resulted in the purpose of the first of the same year. East, 040,000, Padiced in the present will be purposed to the first of the same year. he roragmod little fish to pare through had; grow for subsequent seasons. All fish, under light pounds weight or two years old—three invella two court of that the relief because its the court with th mirable and to shall parsiate herepment is due to the same of the irable and to their partial enforcement bidge.

tender that a the results passible. That he washed has the warments the opening packing un, sever will be dredged opposite the city and opening packing un, sever will be dredged opposite the city and opening that practically made into a canal from here to the day.

to encrose in the state of the rectingly. To manufacture the advances of the property of the state of which is supposed to have driven poor Jennie to commit suicide. These charges and this to commit suicide. These charges and this theory may be true, but none the less aff such as the Malley hore are murderers and deserve the gibbet of universal execution, the brand of Cain. the gibbet of universal execution, the hrand of Calm.

There is a young man in Cincinnati whom fate is reserving for some very important performance later in life. He had the smallpox and was shought to have died. Just as he was the performance when the performance is the performance in the performance is the performance in the performance in the performance in the performance is the performance in the performance in the performance is the performance in the performance in the performance in the performance is the performance in the perfor

READ THE FOLLOWING ENDORSEMENTS:

Portland, Or., July 6, 1882.

We, the undersigned, representing the different fire insurance companies doing business in this city, witnessed a fire test on Saturday evening, June the 24th, by Toothache, Neuralgia, Backache, Mr. D. M. Danne, of the firm of Messrs. KELLY, DUNNE & CO., on a section of shingled roof, painted with two coats of THE CALIFORNIA FIRE AND WATER. PROOF PAINT CO'S PAINT. The roof was subjected to a strong fire, composed of dry kindlings saturated with coal oil, for TWENTY MINUTES. On clearing away the fire, the shingles were only charred. We strongly recommend it for shingled roofs, as we are satisfied that
